## WORK EXPERIENCE

- |   |                       |
|---|-----------------------|
| • Gatim AI Tech Innovations Pvt. Ltd. (3 Months) (Remote) | Jan 2025 - March 2025 |
|---|-----------------------|

## PROJECT

- **Gati-Desk-WebApp (Team | React + TypeScript) [Link](#)**

A collaborative service management web app enabling users to request and track services in real time. Focused on performance, API integration, and a seamless UI/UX, it ensures smooth interactions and efficient task handling across multiple user roles.

- **Gati-Mail-Frontend (Solo Project | React + TypeScript) [Link](#)**

A responsive email management system with secure authentication, efficient state management, and a clean UI. It ensures smooth mail handling, optimized performance, and seamless navigation, providing users with an intuitive and fast mailing experience.

- **Gati-Desk-Admin (Solo | React + TypeScript)**

A feature-rich admin dashboard for managing users, service requests, and operations. It includes real-time data visualization, API integrations, and role-based access control, ensuring secure and efficient administrative management with an intuitive, performance-optimized interface.

- **Full Stack Fitness Gym Platform (Team Project | React + JavaScript)**

FitFlex is a MERN-based gym management platform where users can register, buy subscriptions, manage profiles, and book classes. Admins can add content, ensuring seamless membership management and engagement.
